

RIEX Children's Garden

Continuing Our Work

June 23rd, 2012

We have made some exciting progress on the garden! We set up paths to separate the garden into sections for planting. Children and adults helped lay down the bricks in interesting patterns. These paths will allow us to explore all the different areas of the garden without disturbing what we've planted.

Children and adults planted more flowers, radishes, pumpkins, tomatoes, cucumbers, peppers, and carrots. Children in particular were quite excited about the sunflowers! We can already see some of our vegetables growing. We are excited to see what else pops up soon!

We are so appreciative of all of the hard work children and families put in to lay down the bricks for the garden paths. Although we will not be holding sessions on June 30th and July 7th, we need your help in continuing to water and care for the garden. Please enjoy it and keep an eye on the progress of what we've planted so far!

SAVE THE DATE

July 12th, 7:30-9:30pm in the party room
455 Main Street

RIEX team members would like to meet with parents for a conversation about what we learned through our garden experience and future plans for RIEX.

More information to follow!
